REQUEST TO RECONSIDER HOLDING OF ABANDONMENT

The above identified patent application became  
abandoned for failure to timely file a proper reply to the  
Office letter mailed on May 9, 2002. A response to the above  
Office letter was signed and timely filed with the USPTO by

09/736,462  
SC0853AM

fax on July 8, 2002, which was within the shortened statutory period. The Notice of Abandonment was subsequently received on December 20, 2002. Included herewith is a copy of the fax confirmation report showing Group Art Unit 2831 received the Office Action Response and a copy of the Office Action Response, which is used to provide *prima facie* evidence that the USPTO did receive the Office Action Response.

In view of the above remarks and attached exhibits, the Applicants believe the holding of abandonment from failure to timely file a proper reply incorrect, and respectfully request the examiner reconsider the holding of abandonment, as there is no abandonment in fact.

While no fees are believed due, the Commissioner is authorized to collect appropriate fees which may be due from Deposit Account 501086.

Respectfully submitted,  
Tan, Aik Chong et al.
